ACPA TODAY

ACPA Launches New Generation Website

ACPA has completely redeveloped its primary website, www.acpa.org, combining the latest digital technology to perform the two-fold functions of delivering content and serving as a resource for conducting association business. The result is a one-stop website that allows quick access to information about the association (including members, affiliates, and staff); membership benefits; industry and association events; and paving and distinguished service...

Associations Explore Increased Collaboration

ACPA, NRMCA, and PCA staff members met at ACPA headquarters in Rosemont on May 5 to discuss where it makes most sense to work in unison toward common goals. ACPA President/CEO Gerald F. Voigt, P.E., presented a basic framework for the discussion, noting that by its very definition, collaboration involves working toward a common goal. With that, the associations agreed...
