AC-1 Reports

As of the date of this writing, we are anticipating being able to announce the release of the AC-1 Performance reports soon. Though the AC-1 Summary Report has been released, the individual Performance Reports have not yet been released due to ongoing adjustments which have necessitated an extended review period.

For those laboratories who need to submit the inspection packet soon, please be aware that you have the option of including the AC-1 Summary Report released last month along with documentation stating that the Performance Report will be submitted by your laboratory once the Performance Reports have been released. The ASHI Accreditation Review Board is aware that the AC-1 Performance Reports have been delayed due to complications in the new software program.
