

NEW! Tech Affairs Facebook Groups

The ASHI Technologists' Affairs committee is pleased to announce ASHI's newest Facebook groups: Technologists' Affairs Forum and Technologists' Affairs Mentoring Forum! These forums give you a more convenient way to ask and answer specific technologist-related questions, to get or give advice and guidance on job-related challenges and to receive or offer tips on advancing within the HLA career ladder.

Both forums are private Facebook groups and are solely intended for technologist and non-doctoral members. Click the buttons below and join the discussion today!
