Hugh Culver – THINK, PLAN, ACT

## How to Create Extraordinary Results in Work and Life

It is possible to survive, even excel, in our new Age of Distraction – but only if you change how you think, plan, and act. Based on his best-selling book, Give Me a Break, HughCulver's high-energy keynote is perfect for busy people with To-Do lists that never end. Consistently voted as "best of the event", Think, Plan, Act challenges audiences to rethink what it means to be "effective" and how to create real results and a rich life.

Part motivational, part instructional, and part challenging, this content-rich keynote presentation is an exciting experience for any participant. Nurses, CEO's, salespeople and accountants have all voted with standing ovations to Hugh's Think, Plan, Act. Will you be a part of his next audience?

### What You Will Learn:

- **THINK** – changing your results starts by changing your story (if you're in the audience, you will actually experience this)! This life-changing lesson continues to impact chronic procrastinators, frustrated leaders, and overwhelmed employees.
- **PLAN** – interruptions are inevitable – poor planning shouldn't be. Learn how to plan like a pilot and work from a Flight Plan that can literally create time.
- **JUMP START YOUR DAY** – the secret power of habits can improve willpower, resilience, productivity, and results. You will learn the three parts to any habit and how rewards can change your habits immediately.

From the moment he steps on stage, Hugh Culver captivates an audience with a unique blend of street-smart advice and high-energy delivery. Hugh uses insightful, often hilarious stories ranging from the boardroom to Antarctica to create powerful lessons for every day challenges.

Always relevant and well researched; Hugh creates a learning experience that adds immediate value to any business willing to invest in the training of personnel.
