

FIRST INTERNATIONAL INTERACTIVE SYMPOSIUM ON UHPC

DES MOINES, IOWA JULY 18-20, 2016

The organizing committee is pleased to announce the *First International Interactive Symposium on Ultra-High Performance Concrete* in North America. The three day symposium will be held in Des Moines, Iowa, at the Downtown Marriott, July 18-20, 2016. Under the theme "UHPC unites" the goal of the symposium is to share knowledge and experiences in the field of UHPC material and structural design for continuous advancements of the technology.

The symposium will provide a platform to present recent UHPC activities and innovations as well as to participate in thematic workshops, led by various topic leaders, where active participation is encouraged.

The symposium will include topics related to a) latest developments in UHPC material and structural design emphasizing enhanced performance, sustainability, durability, resiliency and cost efficiency, b) material characterization methods adapted to UHPC, c) numerical material and structural modelling, d) small and large scale applications, e) repair and retrofitting, and other aspects to further broaden theoretical knowledge and practical experiences.

The submission of abstracts is encouraged and will close by **October 15, 2015 (Extended)**.

CALL FOR ABSTRACTS

Prospective authors are invited to submit their abstracts via website by **October 15, 2015 (Extended)**. Submission can be made directly at

<http://register.extension.iastate.edu/uahpc2016>

Abstracts should be concise and need to be written in clear English. The topic should relate to the scope of the symposium. Authors will be asked to select one or multiple topics from a list of more than 20 categories to aid in topic classification during abstract submission. Authors of accepted abstracts will receive further instructions on the preparation of full-length conference papers. All submitted abstracts and papers will be peer-reviewed by the International Scientific Advisory Committee led by the Scientific Chair and Co-Chair. All accepted papers will be included in the conference required to present their contributions at the event.

OUTLINE OF SYMPOSIUM

The three day symposium will feature oral presentations, keynote lectures, thematic workshops, a student competition, a UHPC project tour and other social events, including a conference dinner.

REGISTRATION

The registration will be available via website at <http://register.extension.iastate.edu/uahpc2016/attendance/registration>. The registration fee covers the attendance of sessions and thematic workshops as well as social functions and events, such as welcome reception, conference breaks, lunches, banquet, UHPC project tour and farewell.

VENUE

Capitalize on comfort and sophistication at the Des Moines Marriott Downtown in Des Moines, Iowa, the headquarters hotel and where all sessions will take place. Plan to attend the banquet on Tuesday evening and enjoy a night on the town to catch more of beautiful Des Moines-it's more than you expect!

The symposium is hosted by Iowa State University.

Free airport shuttle is available to the Des Moines Marriott Downtown.

registration

	On or before May 15, 2016 <u>Registration</u>	After May 15, 2016 <u>Registration</u>
FULL SYMPOSIUM	\$450	\$550
ONE DAY	\$225	\$275
STUDENT	\$50	\$50

ATTENDANCE – TIMETABLE

Submission of abstracts:	October 15, 2015 (Extended)
Acceptance of abstracts:	November 15, 2015
Submission of papers:	February 1, 2016
Approval of papers:	April 1, 2016
Final submission of papers:	May 15, 2016
Symposium:	July 18-20, 2016
