

The Engineering Institute of Canada is extremely pleased to announce the 2016 recipients of its senior awards and fellowship inductees. The senior awards of the EIC are the highest distinctions made by the Institute and are awarded to deserving engineering members of its technical societies.

Four recipients will be presented with senior medals at the 2016 Awards Gala ceremony in recognition for their outstanding career achievements or service to the engineering profession. In addition, 20 engineers will be inducted as EIC Fellows for their exceptional contributions to engineering in Canada.

EIC President Om Malik will present the awards to the recipients at the Institute's Annual Awards Banquet to be held at the Westin Hotel in Ottawa on 12 March 2016. Reserve this important date. We expect many friends and colleagues to join us in recognising and applauding these truly outstanding Canadian engineers!
