

## Health Information Exchange and 2014 Meaningful Use

By Synovim

You are invited to the 10<sup>th</sup> in a series of monthly webinars regarding the Meaningful Use (MU) Stage 2 Final Rule.

Laura McCrary, Ed.D., Executive Director of the Kansas Health Information Network (KHIN), will discuss how participation in a health information exchange will assist Eligible Professionals in meeting MU Stage 2 measures. Dr. McCrary will discuss the MU measures that can be facilitated if an Eligible Professional participates in KHIN. Specific objectives include: view online, download and transmit patient health data, transitions in care, reporting of immunizations, conducting syndromic surveillance, secure electronic messaging, reporting of cancer cases and reporting to a specialized registry.

Before becoming KHIN's executive director in January 2011, Dr. McCrary was the Director of the Regional Health Care Initiative at the Mid-America Regional Council in Kansas City, Missouri. Dr. McCrary completed her post-doctoral work at the University of Kansas; she has a doctorate of education from Kansas State University and master's degrees in the areas of mental illness and learning disabilities. She participates in numerous volunteer activities focused on advocacy and support for individuals with disabilities. She is also a state appointed educational advocate for children in the foster care system in Kansas.
