NEW YORK STATE
VETERINARY
MEDICAL SOCIETY

Drug Residue Avoidance

Drug usage on farms is a growing concern and regulations are swiftly changing. Through a Cooperative Agreement with FDA for an education initiative to prevent drug residues, New York State is offering talks around the state to discuss what food animal veterinarians need to know to protect themselves, their practices and their clients. Discussion topics:

VCRP, VFD, ELDU, AMDUCA, RECORDS (1 hour)

USDA Accreditation Module 23—Use of Antibiotics in Animals (1 hour)

NYS CE credits for both presentations as well as 1 hour for USDA NVAP Accreditation.

December 7th, 2015

Registration 6:30pm

Meeting starts at 7:00pm sharp

Cayuga Cornell Cooperative Extension

248 Grant Ave, Suite I

Auburn, NY 13021

RSVP by 12/1/15 to Dr. Art Sherman
