

# Occupational Health Special Interest Group

## 2016 Combined Sections Meeting - Anaheim, California

*Pre-conference Program - Tuesday, Feb. 16, 2016, 8:00 AM-5:00 PM*

### **Diversifying and Increasing Your Revenue Stream- Develop the occupational health component of your practice**

**Presenters: John Lowe, PT, Herb Doerr, PT**

Take advantage of this highly interactive session to develop your plan to partner with industry, growing and diversifying your practice. Two seasoned occupational health professionals will personally assist you with a specific, detailed plan to immediately apply to your practice. Get the answers you need to successfully add or improve your occupational health services:

- What are the unique rules and culture of occupational health?
- Which aspects of occupational health practice will add significant value?
- What are time tested strategies to diversify and grow revenue including cash based services and traditional insurance?
- How can I use the Occupational Health guidelines as published by the OHSIG?
- What are other resources?

*OHSIG membership meeting - Thursday, February 18, 2016, 7:00-8:00 AM*

*Regular Programming: Thursday, February 18, 2016, 8:00-10:00 AM*

### **From Hire to Retire - Make work place injury prevention and wellness part of your practice**

**Presenters: Douglas P. Flint DPT, OCS and Phil Jiricko MD, MHA**

- Overview of pre-employment and post-offer screening
- Injury prevention services
- Assessing and monitoring the health and function of employees through their entire employment
- Statistics from work with firefighters and other public service sectors will be reviewed as an example that can be applied to your practice
- Sub-maximal testing for VO2 MAX, and MET and the role it plays in identification of health and injury risk
- Diet and exercise guidelines for workers with high risk factors for injury and illness
