THE BENEFITS OF CERTIFICATION REACH EVERYONE:

- medical professionals by validating their skills
- respective employers by assisting with CoC and NAPBC accreditation
- patients and families by valuing the navigation services

THE INDIVIDUAL PROFESSIONAL

- validation of qualifications, knowledge and skills
- greater confidence in providing care/services
- a heightened ability to discern barriers to quality patient care
- more effective education of patients
- enhanced collaboration with peers, colleagues and team members

THE EMPLOYER

- greater retention of employees due to professional and personal satisfaction
- reduced exposure to risk
- enhanced care for patients and clients to distinguish them from competitors
- a documented Navigation component toward accreditation
- a way for employers to sort through resumes at a primary level

THE PATIENTS & FAMILIES

- assurance that the provider of care is qualified and competent at more than a basic level
- improved quality, safety and accuracy of care by advanced skilled professionals
- expanded knowledge to be shared about choices and treatment options;
- more empowerment in decision making
- knowledge that the professional has demonstrated the desire to improve their quality of patient care and service delivery

For full schedule or more information visit www.bpnc.org or call **(574) 401 - 8114**

Certification reflects an individual's achievement beyond licensure requirements and a basic level of knowledge of navigation. It exhibits dedication to validating a specific set of skills to provide enhanced care and services for patients and clients through advanced competency.
