

Transforming professional performance through the power of interaction

ASPE 2016 Spotlight on Presentations/Discussions and Workshops

Last ASPE *eNews* issue we spotlighted several presentations coming up at ASPE 2016. In this issue we wish to highlight several workshops that will be offered in Tampa this month. We provide the title, presenters, date/times, and an abstract. More details and a more in-depth description can be found at <http://aspe2016.conferencespot.org/program>. We encourage all attendees to surf the program and plan ahead for which events you will be attending. We guarantee you will have a difficult time deciding between the excellent possibilities.

PD 28 - Poverty Simulation: Non-Traditional Use of Standardized Patients

Magdalena Oxendine, Briana Tierno, Dawn Schocken, Shirley Smith
Tuesday June 28th, 9:45am - 10:45am

A workshop on how to implement a poverty simulation using standardized patients providing students with an opportunity to gain sensitivity when working with a population living in poverty. Participants will be immersed in the lived experience of poverty as an individual and as part of a family. An important topic which addresses how to help our students heighten their awareness and deliver patient centered care to those who are socioeconomically disadvantaged.

W 04 - Step by Step: Using Teamwork to Build a Case and Sidestep Pitfalls

Marsha Yelen, Heather Heiman, Kerensa Peterson
Monday, June 27th, 9:00 am – 10:30 am

This workshop moves through each step of OSCE case development from concept and design to writing checklists, scoring and reporting. This hands-on session will provide participants with the building blocks of case development along with advice on how to avoid the most common pitfalls. This promised to be a great introduction for novices or

To bring high quality reporting of current research, trends, techniques and information regarding SP methodology and other relevant industry articles to the attention of the membership through the web-based, bi-monthly newsletter, ASPE eNews.

Transforming professional performance through the power of interaction

an opportunity for SP educators at any level to deepen their understanding of case development.

W 20 - IPE Sessions are Enhanced with the Incorporation of SPs

Dawn Schocken, Stephen Charles, Vinita Kiluk

Tuesday June 28th, 2:00pm-3:30pm

As healthcare is undergoing a comprehensive shift to interprofessional team-based practice this workshop will walk participants through the development of IPE cases that are adaptable to their own institutional needs. In addition to learning how to develop IPE case scenarios and write clear objectives, the session will provide insights on how to train SPs for IPE events and how to evaluate the effectiveness of a case to meet the IPEC Competencies. A wonderful introduction to interprofessional education for SP educators at all levels.

W 10 - Enhancing Authenticity in Simulation Using Appropriate Techniques of Moulage

Beate Brem and Kai Schnabel

Monday, June 27th, 4:00pm-5:30 pm

Always a popular topic this workshop will introduce participants to different techniques of moulage to help increase the authenticity of simulation scenarios. This hands-on session will allow you to practice with oil based cream colors, watercolors, transfer tattoos and 3D prosthetics. Whether you're new to moulage or simply want to brush up on your skills, this is a workshop for all audiences.
