UAMS Simulation Team Trains Saudi University Staff

Longtime ASPE member and living legend Mary Cantrell was a member of a team from the University of Arkansas Medical School (UAMS) that travelled to Princess Noura Bint Abdulrahman University in Saudi Arabia. The purpose of the five-day visit was to teach the all-woman simulation center staff how to use the technology available in the center as well as providing staff members simulation education fundamentals.

Mary is the executive director of the UAMS Centers for Simulation Education. She was joined by colleagues Michael Anders, Ph.D., the center's director of education and research, Sherry Johnson, a certified healthcare simulation educator, Travis Hill, director of simulation technology, and Sara Tariq, M.D., medical director for the Clinical Skills Center.

Princess Noura Bint Abdulrahman University is a public women's university located in Riyadh, the capital of Saudi Arabia. With a student population of over 52,000, it is the largest university for women in the world.
