

Save the date: f-cell+HFC 2020 in Vancouver (April 1+2, 2020)

Vancouver to host renowned hydrogen and fuel cell experts from around the world during two-day Hydrogen and Fuel Cell Event with conference, trade fair and workshops

VANCOUVER, BRITISH COLUMBIA – January 22, 2020 – Industry experts, suppliers, customers, and government leaders from around the world are set to gather at f-cell+HFC 2020 at the Vancouver Convention Centre, April 1+2, 2020, to discuss recent trends and innovations driving the demand for large-scale hydrogen refueling stations and electric power-to-gas solutions as well as zero-emission hydrogen fuel cells for heavy-duty commercial port and logistical operations.

The Hydrogen and Fuel Cell Event is projected to be the largest of its kind nationwide, with attendees from the hydrogen and fuel cell sectors, industry, government and academia. More than 60 speakers from a dozen countries including Austria, Canada, Germany, Japan, South Africa, Switzerland and the USA will participate in the conference program. In addition, the program will feature four new sessions focusing on hydrogen and fuel cell research in Canada and other countries. This year's research sessions will be organized by Dr. François Girard of the National Research Council Canada (NRC). To download the latest conference program overview, please visit <https://hyfcell.com/program/>.

Joining f-cell+HFC 2020 as Silver Sponsors are Ballard Power Systems, a world leader in the development, manufacture, sale and servicing of hydrogen fuel cells; Toyota Canada Inc., the exclusive distributor of Toyota cars, SUVs and trucks in Canada and the country's number one seller of zero emission vehicles; and MANN+HUMMEL, who develops, produces and distributes liquid and air filter systems, intake systems and thermal management components.

To secure one of the remaining sponsorship opportunities for f-cell+HFC 2020 The Hydrogen and Fuel Cell Event, or to view the current list of exhibitors in the international trade fair, please visit www.hyfcell.com.
