

**THE PULL-OUT SHELF
COMPANY®**

THE ANSWER TO STORAGE – ACCESSABILITY – ORGANIZATION

If you're interested in a great product that your clients will love this is it. With our custom made pullout shelves we are able to transform any kitchen or bathroom cabinets. Our Dealers will conduct a free onsite evaluation and estimate of the client's home and then return and install our pullout shelf system. We specialize in pullout pantries, kitchen, bath, laundry rooms, entertainment centers, closets and anywhere else there are cabinets. No more bending and trying to find items in the back of cabinets.

DIRECT SALES

In areas that we do not have a Dealer we are able to sell our products directly to a contractor, handyman or home owner. Although a certain amount of skill is required most professionals involved in the Home Improvement trades don't have difficulty installing our pullout shelves in a matter of minutes.

BUSINESS OPPORTUNITY

The Pull-Out Shelf Company has been selling hand made custom pull-out shelves since 1994 and we are continually looking to expand our market. Our shelves are the perfect solution to kitchen organization and add an extra level of luxury and convenience. We are currently expanding our Dealer network and may have an exclusive territory available in your area.
