

Porch Pro Dashboard

Wondering how many homeowners are searching for you?

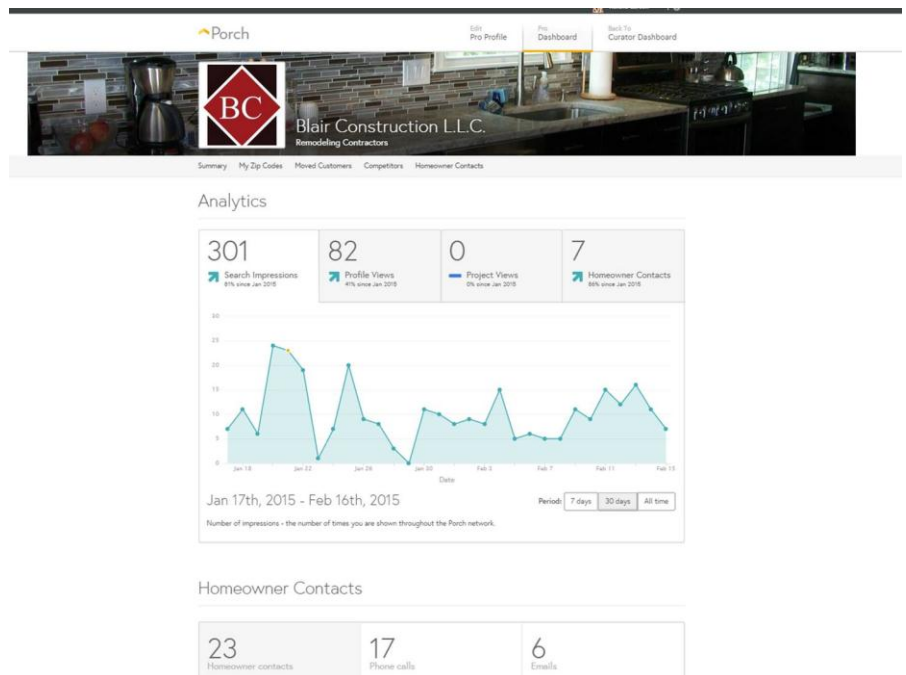

After claiming your **free** Porch profile you can check out your new analytics dashboard to find out and also gain valuable insights to help your business get found by more homeowners. The Pro Dashboard includes the following insights:

Search Impressions — how often your Porch profile has shown up in search results by homeowners looking for professionals

Profile Views — the number of times your Porch profile has been viewed by homeowners

Project Views — the number of times the projects you've added on Porch have been viewed by homeowners

Homeowner Contacts — the number of times homeowners have contacted your business by email or phone via the Porch network

This is only the beginning of features and analytics we're adding for NARI members like you so keep an eye on your inbox for future announcements. As always, if you have any questions or suggestions, please don't hesitate to reach out NARISupport@Porch.com.

Click [here](#) to see what the NARI page looks like on Porch. As part of our partnership with Porch every NARI member gets a custom badge on their profile which opens up to the NARI landing page.

**Thank you to NARI member Blair Construction, LLC for sharing their Porch Profile.*
